

News Release

Warsaw, 22.07.2021

We grow together with our clients. Baker Tilly Woroszyńska Legal becomes Baker Tilly Legal Poland.

The new, simplified name reflects our strategy and the changes in our structure and marks the next important step in our integration with the Baker Tilly International network. The name Baker Tilly Legal Poland reflects the principles that we follow: simple and accessible communication with our Clients, efficiency and our commitment to 'working smart' and 'now, for tomorrow'. A philosophy that we, as the Baker Tilly network, pursue on the Polish market as well as internationally.

"Our decision to join the Baker Tilly International global network several years ago was part of a consistently realized strategy to constantly expand our range of services based on state of the art project management principles and international best practices. Our priority is to perfectly match our services to our Client's needs and as our company grows, the time has come to adapt our external communication, which includes also our branding in order to reflect these principles and the continued integration with the network" comments **Katarzyna Woroszyńska, Managing Partner of Baker Tilly Legal Poland.**

At the same time she added that this change is just a finishing touch to the expanding range of comprehensive services offered to Polish and international Clients, based on global standards and best practices and delivered by a team of renowned experts.

The rebranding is however not the only news that we are pleased to share. **Grzegorz Gajda, Partner, the hitherto (and remaining) head of Baker Tilly Legal Poland office in Poznań,** has stepped up to become co-managing partner of the Firm.

"I am happy to be co-creating Baker Tilly Legal Poland. This is a perfect opportunity to make the most of our local experience combined with an international practice. This provides unique opportunities for the provision of legal services to Clients, who can benefit from a comprehensive offer of services, focused on their individual needs and tailored to their growth and future plans. For me personally this is a challenge and opportunity in one that I intend to take full advantage of. Nothing is more satisfying than achieving new and ambitious goals," commented **Grzegorz Gajda, Partner at Baker Tilly Legal Poland.**
